Applications for such permits shall be made in writing, upon a form to be prescribed by the health officer, in which application it shall be stipulated that the dairy and food inspector or other officer of the health department of the city of Newport News may from time to time inspect such place or premises, and the milk produced or food supplies exposed to sale thereat, and also that such applicant will conform to the requirements of these rules and such other reasonable rules and regulations as may be established by the board of health for the government of such place or places. Before granting such permits, it shall be the duty of the inspector to make, or cause to be made, an examination of the place and premises which are intended to be used in the maintenance of said dairy farm or stable, and such place, stall, or store where it is proposed to sell milk, butter, fish, fruits, vegetables, or other food supplies, and thereafter, from time to time, inspect the same, and if they be found in an insanitary condition, such permit may be revoked or suspended, without notice, by said inspector or by the health officer, if, in the judgment of either of them, such a dairy, dairy farm, or place is found to be in an insanitary condition, or if there is reason to believe that any person residing upon, or employed upon, the premises, is sick with any infectious, contagious, or communicable disease, or is capable of communicating any such disease to other persons.
